Apologies **Regions 6, 7, 9, 10**, I meant to only send you this second email with your relevant files, due to the number of files. See below and attached.

Carlton Waterhouse, OLEM's DAA and nominee for Assistant Administrator, is tentatively scheduled to have his confirmation hearing on August 4. Some of the SEPW Member meetings have been scheduled, and I've reached out to you individually for updates to prepare for these meetings.

New Request: Carlton has requested **updates to any site issue papers** where there have been inquiries from the Hill, tribal consultation, litigation, significant press, letters from state offices or government agencies, addition to the NPL list, or any significant continuing issues. Attached "SEPW site factsheet list" file is a list of the site issue papers that OLEM has identified for update (if needed). Also attached for updating are the May 2021 issue papers prepared for the Administrator's budget hearing.

Please coordinate with your Superfund program, PAD, etc. for review and approval, and send updated issue papers in redline, by 12pm ET on Tuesday, July 13.

Please let me know if you have any questions.

Thank you in advance!
Carolyn
